EXPRESS COMPLIANCE DIAGNOSTIC

Know where you stand in 3 days — and what it takes to pass

SOC 2, ISO 27001, GDPR, DORA or NIS2: one short engagement tells you which rules apply, how far you are from ready, and what to fix first.

3 business days
from kickoff to readout

Fixed price
agreed upfront, no surprises

About 2 hours
of your team's time

Is this for you?

- ✓ A customer sent you a security questionnaire
- ✓ You're entering a regulated market or applying for a licence
- ✓ DORA, NIS2 or GDPR now applies to you
- ✓ You're preparing for SOC 2 or ISO 27001
- ✓ Fundraising or M&A due diligence is ahead
- ✓ A new CISO or DPO needs an honest baseline

How it works

DAY 1
Kickoff
A 45-minute call on your business, markets and goals, plus a short questionnaire.

DAY 2
Review
We check your answers, which regulations apply, and run an external security scan.

DAY 3
Readout
A 45-minute call on your scorecard, top risks and next steps.

What you get

1. Regulatory applicability matrix
Which frameworks apply to you, why, and in what order.

2. Compliance Health Scorecard
Status across five pillars, from Strong to High Risk.

3. Top 5 risks
The gaps most likely to block an audit, a deal or a licence.

4. Recommended next step
A fixed-price proposal for the full audit or certification.

Sample scorecard	Illustrative
Governance & risk	Needs work
Data protection	Needs work
Security & access	Strong
Certification readiness	High risk
Monitoring & resilience	High risk

Where it leads

Express Diagnostic
Know where you stand in 3 days.

Full audit or certification
SOC 2 · ISO 27001 · GDPR · DORA · NIS2 · PCI DSS · HIPAA · iGaming

Remediation & monitoring
Our security partner tests, our engineers fix the gaps, and we keep you audit-ready.

Book your Express Diagnostic

Tell us the framework, the market and the deadline.
